

AVAILABLE CUTTING HEADS

CHANGE TOOLS IN SECONDS

Changing Heads is quick and Simple with the patented magnetic system. Remove the head by releasing the magnetic seal, fit and get on with the next job.

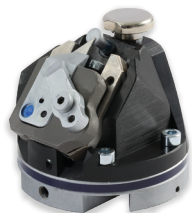

PURPLE EMBOSsing / DEBOSSING

The Debossing – Purple Head makes it possible to create decorations by applying pressure on different materials. Any shape or design can be elegantly embossed/debossed on the surface of the material. The purple tool includes 3 different tip types, allowing you to make decorations in various sizes.

GREEN 40° - BEVEL CUT

The 40° Green head produces a bevel cut at 40° angle, ideal for both cutting small shapes and traditional bevel cutting. Ideal for polymer/varnish plates cutting.

BLUE 45° - BEVEL CUT

The 45° - Blue head produces a bevel cut at 45° angle. This head can cut up to 5 mm (3/16") and it's ideal for performing V-Cutting.

WHITE 90° - STRAIGHT CUT

The 90° - White head allows the straight cutting up to 5 mm (5/16") thick. It comes as standard with 2 pressure rollers and a pressure foot.
